Dear Ms. Bloom:

The Los Angeles District, U. S. Army Corps of Engineers (Corps) has evaluated your request to film in a feature of the Los Angeles County Drainage Area (LACDA), commonly referred to as the Los Angeles River (the River). Subject to the conditions as stated in Exhibit A, we express no objection to the activities proposed in your request, which shall be performed on May 14, 2013 and May 15, 2013 at the River near 6th Street, as long as the activity does not damage the structural and/or functional integrity of the Los Angeles River Channel, nor interfere with operation and maintenance actions undertaken by the Corps and the County of Los Angeles. If filming activity results in any damage to the constructed channel, the Corps would require that you promptly repair it or pay for the repair of any damages you may cause, to a condition satisfactory to the District Engineer.

You are advised that entry into the River is neither suggested nor encouraged by the Corps. Entry into the River is at your own risk subject to the laws, regulations, or policies of any agency having jurisdiction over activities that take place in the River. Should you decide to use the River for filming, the United States is not responsible for damages to property or injuries to persons which may arise from or be incident to the exercise of said use, or for damages to the property or injuries to you or to your agents, servants, or employees or others who may be in or on the River by your invitation. All State and local regulations pertaining to alcoholic beverages apply in the Los Angeles River. The United States further advises you that additional permissions from the fee owner, the city, state, or county, may be required.

If you have any questions please contact Jerry Rollins at (213) 452-3146 email at jerry.w.rollins@usace.army.mil or John Sunshine at (213) 452-3132 email at john.w.sunshine@usace.army.mil.

Sincerely,

Karen M. Kennedy
